2025 Bloomington South Football Mulch Fundraiser Keys to Success

The Customer

The most important thing we must do during this fundraiser is to give our customers a positive experience buying mulch from us. If we do not get something right, we have to make it right. Keeping accurate numbers and being organized with your orders will be important for the success of the fundraiser. We should always be courteous to customers. Your customers have to be the most important thing. Remember: If we treat them right, they will remain customers for years to come.

The Selling Area

In order for this fundraiser to be a success, we must do the leg work. This means that you actually have to get out and go door to door, neighborhood to neighborhood. Every house in our district must be approached and work from there. We will deliver to any Bloomington address. The worst thing we can do is leave valuable sales untouched. Your sales should start with your own family, teachers and administrators at the high school, your own neighborhoods, and finally new neighborhoods. **Remember that we will deliver for free to areas in Bloomington.**

When I Knock on the Door

There are materials that you will need to have with you. First you should be dressed in a presentable manner. You should wear Bloomington South apparel. You should have a pencil, a calculator, mulch samples, and sales sheets. It would be a good idea to put your name and number on your sales sheets prior to going door to door. When you make a sale, you must collect the money at that time. Checks are to be made to Bloomington South Football. If they tell you they don't have the money right now, ask them when they want you to come back to make a sale.

What Do I Say

The way that you present yourself and articulate yourself is important. Remember, you represent Bloomington South Football. Speak clearly and be prepared to answer questions about the mulch. Introduce yourself. If they do not want to buy, thank them for their time and leave a sales sheet with them anyway in case they decide to buy later.

Start your lines with: **"Hello Sir or Ma'am, my name is _____ and I am a member of the Bloomington High School South Football Team. For our fundraiser this year our team is selling mulch. This year we are selling red, brown, and black mulch. The mulch comes in bags and is of a premium quality. In addition, we will be delivering the mulch for FREE and will place the mulch wherever you choose. Are you interested in purchasing mulch from us today?"**

Steps for selling:

1. Contact customer as stated previously.
2. Fill out order form.
3. Collect the money.
4. Give the customer their copy of the order form.
5. Input the information from the sale on the website.
6. Make sure the amount of money collected matches the amount of mulch sold.
7. Turn in your slips and money.
